#10197

NPIC/D-271-66

7 DEC 1966

MEMORANDUM FOR: Deputy Director for Intelligence

SUBJECT : Request for Change to the Referenced Memorandum

REFERENCE : NPIC Memorandum to the DDI dated 24 October 1966
"Determinations on NPIC R&D Contracts for FY 1967
for Procurement Actions."

1. The referenced memorandum provides a list of NPIC R&D projects grouped within three categories for the purpose of deferring expenditures. As a result of a continuing review and the dynamic nature of the technical programs, there are two modifications which must be made to the basic list to provide for two new projects.

2. It is requested that the following projects be added to the list as indicated.

a. Must Go Forward Now

Change in Scope, Contact Printer [redacted]

25X1

[redacted] developed 25X1
a Step and Repeat Contact Printer/Processor in FY 1965 for use with the dry photo process. [redacted] will retain this device and use it in conjunction with a current FY 1967 dry photo process project. 25X1
The contact printer requires considerable work for interface for 25X1
the film development phase and this is proposed to be handled by a change-in-scope to the FY 1965 contract. The cost of [redacted] will provide for modification, evaluation and corrective maintenance for the utilization of the device.

b. Defer Through 31 January 1967

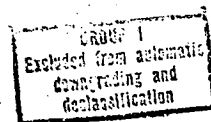

Viewgraph Maker - [redacted]

25X1

There has been a need within NPIC for immediately available viewgraphs. This project will be operational equipment designed to provide an effective and efficient means of producing a rapid access photographic transparency within a minute's time. The

Declass Review by NGA.

mounted viewgraph will be ready for projection in less than five minutes as compared with several hours by standard photographic laboratory processes. [redacted] will develop this device (using the [redacted] process) which will be delivered in less than eight months.

25X1
25X1

3. The additional costs of these projects [redacted] fall well within the ceiling of the planned NPIC R&D budget of [redacted] for FY 1967. These project costs can be recovered from the "Defer Indefinitely or Eliminate" category outlined in the reference and which total [redacted]
